 Woodbridge, ON, L4L 8B8

Body

- Durable airtight aluminum
- White polycarbonate diffuser lens for low glare

LED Characteristics

- 20-Watt LED Module
- Minimal heat emission
- 2600Lumen output
- Superior LED Performance and lifespan
- Ideal illumination for commercial

Dimming

- 10%-100% dimming capability
- Flicker-free with 0-10v dimmer

Mounting

- Recessed direct to T-bar ceiling
- Hanging with aircraft cable

Description

- -The DRBL-Series is a wide voltage and high-performance LED flat panel that uses a back-lit design to provide a longer lasting lighting solution that replaces traditional fluorescent lighting.

Operating Temperature

- -20 C - 40 C (-4°F - 104°F)

SPECIFICATION

Lumen Output	2600 Lumen
Beam Angle	110
CCT	3500K/4000K/5000K
Lifetime	>50,000 Hours
CRI	82
Power	20W
Efficacy	130 lm/W
Voltage	100-347 VAC
Application	T-bar ceiling, hanging
Dimming	YES
Dimming Tech	0-10V
DLC	YES
Warranty	5 Years
IC Rated	YES
